## Why Cadre Missionaries?

We believe there is a HUGE need for the Gospel to be shared and for individuals, families and churches to live with Jesus like **disciple making clarity**.

Our family has personally experienced the impact of Cadre Missionaries in our own lives and ministry over the past 14 plus years... and we want to see that impact multiplied.

## Out in Washington state...

Nate had the privilege to train over 50 students in what it looks like to live with **disciple making clarity**. The student above in orange is just one of EIGHT that made a decision to follow Jesus.

## In Wisconsin...

The two young teens that Kristin is mentoring are both non believers. We are rejoicing over this amazing opportunity and praying that we will see them make that decision.
